

# 2025 Microgrid Summit

The 2025 Microgrids & Energy Resilience Summit will bring together defense leaders, federal agencies, and industry experts to explore scalable, cyber-secure, and mission-driven microgrid solutions that ...

The 20th edition of the Microgrid & Off-Grid Innovation Forum, September 30 - October 1, 2025 in Austin, TX brings together technology innovators, project developers, utilities, energy ...

Microgrid Knowledge Conference 2025 will be our 10th annual event, and we want you to join us in celebrating that decade of growth for the industry. The Call for Speakers is now open for the next two ...

The 2025 Summit will spotlight ongoing and future initiatives aimed at deploying scalable, cyber-secure microgrids that reduce energy vulnerabilities, ensure uninterrupted operations in...

As AI data centers, electrification of industrial processes and transportation, and other factors drive a surge in demand for electricity in North America, microgrids and off-grid energy systems are seen as ...

Attendees will gain firsthand insights into emerging technologies, infrastructure modernization initiatives, and cross-sector strategies that are shaping the future of defense energy resilience.

The 19th annual Symposium on Microgrids will be held on 9-13 November 2025 at the Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, and the University of Macau.

Join us for our 35th summit - The Future Microgrid, Storage & Energy Innovation Summit, building on FMA Summits" pioneering legacy since 2006 that has facilitated over 15,000 qualified one-on-one ...

September 30-October 1 in Austin, TX focuses on microgrids and off-grid systems for onsite energy generation, time-to-power, ensuring power quality and reliability, and maximizing cost efficiencies
