

# Box container wholesale

Why should you choose a wholesale container packaging company?

Some of the wholesale containers are made with either recyclable plastic, biodegradable materials, or tin. Regardless of which type of container packaging you choose, your brand will contribute to the overall efforts to lower carbon emissions, decrease plastic pollution, and increase sustainability.

Are plastic containers recyclable?

Traditional single-use plastic containers are a significant contributor to plastic waste, so Green Earth came up with bulk product containers made with 100% recyclable plastic. Current plastic pollution rates show that by 2050, there will be more plastic in the oceans than fish.

Why should you order containers in bulk?

Ordering containers in bulk is a perfect decision when you need many items but prefer to save money and time. Buying in large quantities also eases shipping logistics and provides uniformity in size, design, and features. Plus, delivering the containers all at once relieves you of multiple shipments.

What are the different types of eco-friendly wholesale containers?

Here is a closer look at the different types of eco-friendly wholesale containers available. Our tin containers are 100% recyclable and are built strong with sleek designs. Tin wholesale containers with lids have the advantage of being more resilient than plastic and paper cartons and more shatter-resistant than glass.
