

I came across the ECO-WORTHY 48V 280AH LiFePO4 battery recently, and it looks like a pretty interesting option for off-grid solar setups, especially considering the price point. I'm curious ...

In this video we unbox and review the \*ECO-WORTHY 48V 314Ah LiFePO4 Battery (16.1kWh)\* -- one of the latest high-capacity home solar backup batteries on the market. We crack open the crate, show ...

I've installed a few systems from other brands and eco-worthy seems to have a big bang for the buck, but is it too good to be true? There's hardly any real reviews on any of their products ...

Do you agree with ECO-WORTHY's 4-star rating? Check out what 1,343 people ...

I wanted to be able to see higher precision individual cell values and configuration details for monitoring the battery, and possibly customizing it eventually. So my Eco-Worthy battery arrived ...

Allow me to introduce our latest charger-- ECO-WORTHY 48V 60A Charger V1.0. It can charge your 48V battery using a generator during power outages or when sunlight is insufficient, ...

So my Eco-Worthy battery arrived last week, and I've put it through a few cycles, tested it with various loads, and monitored it with the Overkill Solar app. The Eco-Worthy app is decent but I ...

Curious about Eco-Worthy as their 280Ah 12v unit boasts on 250a BMS but I can get no response to the window (time) of over-discharge it will allow. My app is starting small power tools (10 ...

Eco-Worthy vs Eco-Baeress? Does anyone opinion? Anyone have both or see a review? Thanks .

I am looking at eco worthy 5000 and EG4 6000xp Can users of both systems give me honest reviews of trouble or success with them. I know both should work for me and both have deals ...

We are the UK's Lithium battery experts and we put the Eco Worthy range of Lithium batteries under the spotlight. Check out what we found. We analyse the good, the bad, the ugly and let you know if ...

In this review, I will share my experience with the Eco Worthy Lithium Battery and give you an honest assessment of its features, performance, and overall value.

I've seen some hate for Eco-Worthy kits, and really don't understand it. Maybe if you are buying everything with batteries, expecting a turn-key solution, they may not be so great. But I ...

## Eco worthy battery reviews

After 1 year his batteries had lost 12-13% capacity. He asked Eco-Worthy and they said 10% in the first year is what they usually see. To me this comes as a big surprise, these aren't the ...
