

Female photovoltaic bracket salesperson

Exploring the false assumptions that keep off-grid solar companies from hiring women sales agents, even though female sales agents perform better than men.

My estimate is that 1-3% of field roles in the United States (solar installers, field technicians, etc.) are staffed by women. ...

We're working to build a diverse, equitable and inclusive solar industry by providing pathways to technical careers for women*, highlighting the voices of women of color in the industry, and providing ...

PVComplete's diverse team of veteran PV engineers and sales professionals includes leading women in the solar energy industry.

My estimate is that 1-3% of field roles in the United States (solar installers, field technicians, etc.) are staffed by women. While 50% would be nice, I don't think it's realistic. So I want ...

Former Senior Manager at SunPower, and current Director at EDF Renewables, Mead handles utility sales and origination of solar development assets. Prior to her current position, she was Senior ...

Women are underrepresented in the clean energy sector. This article profiles seven successful founders and entrepreneurs in the solar energy field as examples of the possibilities for ...

The analysis outlines the share of women in the solar PV workforce, examines the barriers that women face in the sector - including women living and working in the off-grid context - and discusses the ...

Solar sales and marketing have observed many challenges in recent years when the industry as a whole was in rough shape. Harter elaborated on navigating her team through the ups and downs of the ...

I've helped to install over 250kW of solar over the last couple of years, and managed the process from sales to design to installation to permitting and completion for dozens of residential customers.

These programs are designed to provide girls and women with support and with role models so that they know they can succeed in these fields. Ultimately this will increase the participation of women in ...
