

Male Mobile Energy Storage Container with Ultra-Large Capacity

Is CATL launching a new energy storage system?

CATL (SHE: 300750) has rolled out a new energy storage system called TENER Stack in a bid to consolidate its position in the sector. The Chinese battery giant launched the TENER Stack at the battery storage show in Munich, Germany, on May 7, calling it the world's first production-ready 9 MWh ultra-high-capacity energy storage system solution.

What is the TENER stack energy storage system?

CATL introduced its TENER Stack energy storage system during its first appearance at Smarter E South America 2025 in São Paulo. The TENER Stack is billed as the world's first stackable, containerized energy storage solution with a scalable 9 MWh capacity.

Is CATL TENER energy storage a BESS system?

"CATL has always been at the forefront of the energy transition," said Amanda Xu, CTO ESS & President of ESS Europe CATL. "To meet the expectation of a BESS system that has high energy density, small footprint, simpler AC-side configuration, and flexible deployment, we bring the latest CATL TENER energy storage solution.

When will large-capacity energy storage systems become popular?

As market demand evolves, large-capacity energy storage systems continue to advance. In 2024, 20-foot 5MWh+ systems were widely released and commercialized in H2. By 2025, 6~9MWh+ systems took center stage at ESIE 2025.

CATL debuts 9MWh TENER Stack, the world's first ultra-large energy storage system with split-design transport compliance, 5-year zero-degradation cells, 20% cost ...

CATL (SHE: 300750) has rolled out a new energy storage system called TENER Stack in a bid to consolidate its position in the sector. ...

The TENER Stack is billed as the world's first stackable, containerized energy storage solution with a scalable 9 MWh capacity. Compatible with various CATL cell technologies, it offers up ...

Landmark innovation pairs high capacity with flexible transport, redefining large-scale energy storage. CATL today unveiled the TENER Stack, the world's first 9MWh ultra-large capacity ...

CATL (SHE: 300750) has rolled out a new energy storage system called TENER Stack in a bid to consolidate its position in the sector. The Chinese battery giant launched the TENER Stack at ...

On May 7, 2025, CATL unveiled the TENER Stack at the EES Europe trade fair in Munich, Germany, introducing the world's first mass-producible 9MWh ultra-large-capacity energy ...

Male Mobile Energy Storage Container with Ultra-Large Capacity

The world's biggest battery maker unveiled its latest utility-scale battery energy storage product- the Tener Stack - at the Smarter E show. The 9 MWh system supports both centralized and ...

On the first day of the Smarter E show in Munich, CATL, the world's largest battery manufacturer, unveiled the Tener Stack, which it describes as the world's first 9 MWh ultra-large ...

Contemporary Amperex Technology Co. Limited (CATL) has launched the world's first 9MWh ultra-large capacity energy storage system, the TENER Stack, at the ees Europe 2025 ...

On May 7th, 2025, CATL has unveiled the world's first mass-producible 9MWh ultra-large-capacity energy storage system solution, TENER Stack, setting a new industry benchmark with ...
