

Manufacturer of 15kW power distribution cabinets for residential use

Who makes power distribution cabinets?

When it comes to developing, designing, and manufacturing power distribution cabinets, our team at DOHO is the leading supplier in the industry. We have over 10 years of experience helping clients with their cabinet power distribution needs, and our products are used in a variety of industries around the world.

What is a PD Power Systems 15kW PDP?

The PD Power Systems 15kW PDP is a power distribution panel designed to accept power at 120/208 VAC, 3-phase, utilizing 60 amp power connectors. It then distributes power at 120/208 VAC 3-phase and 120 VAC 1-phase. PD Power Systems PDPs are used to provide power to equipment requiring 120/208 VAC electrical power.

Is Doho a good power distribution cabinet supplier?

If you're looking for a power distribution cabinet supplier that can provide the perfect solution you need, then DOHO is the right choice. You can trust us to provide you with the best possible quality of power distribution cabinets at the most competitive prices. Our products are affordable, reliable, and easy to install.

How much does a power distribution cabinet cost?

The cost of a power distribution cabinet can vary depending on a number of factors, such as the size of the cabinet and the features it includes. For example, a small cabinet with basic features may cost around \$1500, while a larger cabinet with more advanced features could cost closer to \$6000.

Every year in August and September, our company organizes a Friendship Cup basketball tournament in local towns. Welcome to visit and negotiate business!

The PD Power Systems 15KW PDP is designed to accept power at 120/208 VAC, 3-phase, utilizing 60 amp power connectors. Power is then distributed at 120/208 VAC 3-phase and 120 VAC 1 ...
