

Photovoltaic fixed support contract

Once the SPPA contract is signed, a typical installation can usually be completed in three to six months. An investor provides equity financing and receives the federal and state tax benefits ...

A common contractual framework for solar PV O& M is the "fixed price" model for a specified scope of work that can include administrative, operational, and Preventive Maintenance tasks.

Our standard contracts and securitization resources include example contracts, operation and maintenance guides, and a mock filing with ratings agencies for photovoltaic (PV) systems.

What Is A Solar Power Purchase Agreement (Sppa)?How Do SPPAS Work?Sppas, Renewable Energy Certificates, and Green Power Partnership EligibilityAdditional ResourcesA Solar Power Purchase Agreement (SPPA) is a financial arrangement in which a third-party developer owns, operates, and maintains the photovoltaic (PV) system, and a host customer agrees to site the system on its property and purchases the system's electric output from the solar services provider for a predetermined period.
