

Risheng Battery Energy Storage System

The independently developed liquid-cooled energy storage battery system is the first in China to pass the UL9540A certification in both China and the United States

Risen Storage, with 20 years in lithium batteries, offers integrated R& D, manufacturing, and services. It's the first in China with UL9540A certification in both the US and China.

Our products are designed for the rigorous demands of the commercial and industrial sector, offering proven reliability along with easy application and plug-and-play connections. Discover the energy ...

Efficient Maintenance 04

Low Self-Discharge 05

Battery Energy Storage Systems (BESS) are pivotal technologies for sustainable and efficient energy solutions. This article provides a comprehensive exploration ...

Its products cover battery cells, modules, industry and commerce as well as large energy storage systems. The independently developed liquid-cooled energy storage battery system is the first ...

RISING is a global professional energy storage solutions provider. Its comprehensive portfolio includes battery storage systems and hybrid inverters for residential, commercial and industrial applications.
