

Silent power generation equipment rental

Where can I rent a generator?

United Rentals carries an extensive selection of generators for rent, including portable gas generators and diesel generators of varying outputs and fuel capacities to suit your needs. Get these exclusive online rates by renting through our website or app. For our full list of generators for rent, view the items below.

What types of generators are available?

Our generators range in output from the smallest 2,000-watt generator to our heavy-duty 300-kilowatt generator and are packed with features like low emissions, reduced noise levels, trailer-mounted options and more. Our fleet of generators includes manufacturers like Honda, Generac, Multiquip, DeWalt and other trusted brands.

How do I find the right size generator to rent?

To determine what size generator to rent, calculate the total wattage you need. Combine the wattage from all the appliances you wish to power and add the highest single starting wattage to find what size generator you need. Learn how our climate experts can work with you to help find the right size generator package for your needs.
