

Solar circuit breaker factory in Vancouver

Who is BC solar?

We also initiated BC's first cooperatively owned community solar project. We are members of the BC Sustainable Energy Association, the Canadian Solar Industries Association, the Canadian Workers Coop Federation, and the Canada Green Building Council.

Where are Lumera solar panels made?

Manufactured locally in Vancouver, BC and supporting one of the fastest growing industries in 2026 - Lumera is at the forefront of innovation in solar modules and PV energy. Need solar power for your home, cabin or RV? Lumera products work for all applications. Learn more about the only solar panel factory in Western Canada!

Who is circuit solar?

At Circuit Solar, we source only from manufacturers known for quality and long-term performance, ensuring every panel, inverter, battery, and racking component meets the demands of real-world installations.

How has BC benefited from a community solar system?

The systems we have installed have generated over 1,200,000 kWh of clean power and prevented over 38,000 kg of greenhouse gases. We have also facilitated funding for a reduction of an additional 340,000 kg of greenhouse gas emissions. We also initiated BC's first cooperatively owned community solar project.
