

String type 300kW inverter

Discover 300kW grid-tied solar string inverters with 1500V DC input, IP4X protection, and intelligent cooling for commercial & utility-scale PV plants.

This 300kW three-phase inverter demonstrates best-in-class system-level power density and efficiency obtained by using Wolfspeed's new XM3 power module platform.

The SolaX X3-GRAND HV MPPT string inverter from SolaX Power is available in multiple models with power ratings of 300kW, 320kW, 333kW, and 350kW. Contact us today!

Intelligence for simple and cost-effective maintenance. Power Line Communication (PLC) (optional). More energy harvesting. Maximum MPPT current 75A. Safety and reliability. Both AC & DC SPDs ...

Smart String Inverter For APAC, LATAM & EUROPE Max. Efficiency $\geq 99.0\%$ Smart Smart Connector-level

Volume discounts for 300kW off grid inverter pure sine wave. Order at Energetech Solar.

Solis" largest three-phase, 1500 VDC PV string inverter has 12 MPPT (250, 300 and 350) or 16 independent MPPTs (350K) options that allow for great redundancy in larger systems.

With advanced technology and reliable performance, our solar string inverters will maximize your PV system's efficiency, making it a cost-effective and sustainable choice for your home or business.

300 kW Three-Phase Inverter Reference Design The 300 kW three-phase inverter demonstrates system-level power density and efficiency obtained by using Wolfspeed's new XM3 module platform.

High reliability · Cooling fan with IP68 protection level · Integrated string monitoring function · Standard connection terminal for quick installation
