

Taimei Sanjing Solar Power Generation

Professional service team provides one-stop system solutions, designing the best PV power generation system, solar pumping system, motor drive and control system for you.

Our company China Sanj Co., Ltd. is a comprehensive industrial group company integrating new energy development, power engineering construction, grain, oil and food processing, and electronic ...

Multiple patents awarded for our products SAJ pushes forward independent innovation of key technologies, such as the high performance frequency vector control, motion control, and ...

SAJ pushes forward independent innovation of key technology such as the high performance frequency vector control, motion control, and photovoltaic power generation.

The solution encompasses a comprehensive approach to addressing essential needs on farms, including solar power generation, energy storage, and solar water pump controller systems.

Our main products are: Sununo series single-phase inverter, Suntrio series three-phase inverter, Solar Collection Series PV data acquisition, and Solar Viewer Series PV monitoring software. SAJ has ...

The company has four core technology systems of energy conversion, energy storage, energy management and energy consumption, providing efficient distributed photovoltaic grid-connected ...

To meet the challenge of rising peak-hour electricity costs for commercial and industrial (C& I) renewable generation, Sanjing (SAJ) introduced the CH3 Series 125K Hybrid Inverter and CB3 ...
