

Three-phase solar-powered containers for steel plants

Built for longevity, the SolaraBox solar container is built to withstand harsh environmental conditions and ensure a reliable power supply. The SolaraBox mobile solar container is a ...

Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained insights into contemporary solutions involving ...

Discover the Prolectric ProCharge Solar BESS - a smart, three-phase solar battery energy storage system that cuts diesel use, lowers costs, and ...

Each unit is 100% solar-powered with battery backup, requiring no fuel, generator, or grid connection--ensuring uninterrupted, dependable ...

Plug-and-play solar power containers are designed to perform across a wide range of application environments. Their standardized structure and ...

We are actively driving the evolution towards emission and noise compliant power solutions at worksites. The mobile solar container range redefines on-site power by harnessing the sun's ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The ...
