

Vivint solar bamako

Who is Vivint Solar?

No current offers available. Vivint Solar has been in the industry for more than ten years. This company started after a home automation and security company decided that solar energy was the wave of the future and something necessary for their survival in the industry.

Who is Vivint energy?

Vivint Energy is a leading Smart Energy Company, Get Smart Energy today that could save you money.

Does Vivint Solar offer a smart home system?

The main solar service from Vivint includes an entire smart home system, truly setting it apart from the rest of the competitors on the market. The Vivint Solar customer gets much more than a few panels installed on their roof.

How much does Vivint Solar cost?

For a solar panel system, Vivint Solar will typically cost between \$11,000 and \$25,000. However, these costs will vary depending on a few key factors. Vivint does not offer any pricing information on its website. This is because of the fact that the price is going to change considerably from one area to another.
