

Wind turbine chip manufacturers

Who makes Goldwind wind turbines?

Goldwind Science & Technology Co., Ltd., based in Beijing, stands as one of the world's foremost wind turbine manufacturers, driving the global shift toward renewable energy since its establishment in 1998.

Who makes wind turbines?

German firms such as ENERCON and Nordex, as well as China's Mingyang Smart Energy and Envision Energy, are also key players shaping the future of wind power. This ranking highlights the top 15 makers of wind turbines worldwide, according to their installed capacity as of October 2025. 1.

How is the wind turbine industry shaped in China?

The Wind Turbine industry in China presents a dynamic landscape shaped by various key considerations. Regulatory frameworks are essential, as the Chinese government has set ambitious renewable energy targets and offers incentives for wind energy investments.

Which wind turbine manufacturers dominate the world?

As the world accelerates its shift toward clean energy, the competition among wind turbine manufacturers is at an all-time high. Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with massive installed bases and expanding order books.

For the first time in history, the world's top four wind turbine manufacturers are Chinese: Goldwind, Envision, Mingyang, and Windey. Meanwhile, in 2024, Europe reached a 92% share of its ...
